1. Sales Trend over Time

1. Open the **Contoso Sales PBIX** file.
2. Go to **Report View**.
3. Select a **Line Chart**.
4. Add **Date** → X-axis.
5. Add **Sales Amount** → Y-axis.
6. The chart will show the **Sales Trend over time**.

2. Product Analysis Matrix

1. Select **Matrix** visual.
2. Add **Product Category** → Rows.
3. Add **Product Name** → Rows.
4. Add **Sales Amount** → Values.
5. Add **Sales Quantity** → Values.
6. Create a measure for discount percentage:

```
Discount % = DIVIDE(SUM(Sales[Discount Amount]), SUM(Sales[Sales Amount]))
```

7. Add **Discount %** → Values.

8. Format **Discount %** as **Percentage**.
